Why We Do This: Jazz 4 Justice™ is truly a unique event. Attorneys, judges, students and the entire community come together to celebrate their love of music, while simultaneously making a lasting impact! The event also serves as one of Legal Aid Works® (LAW) major sources of funding and a great way to conduct outreach about their work. Proceeds from the evening are evenly divided to help LAW continue its mission of service to this community, as well as provide student scholarships to the University of Mary Washington.
